

The Sandspur

Assignment 2- Cover Competition- Photoshop, layers and masks

Brief: Create the cover for the Sandspur newspaper article in Photoshop while using both masks and layers with proficiency.

Details:

- *This project is designed to learn the multiple functions of the software Photoshop. So you must use at least **3 layers and 1 layer masks and 1 adjustment layer** within the design
- *You will create a creating a **visually exciting** cover for the Sandspur newspaper. The winner will be printed on the cover of the next weeks Sandspur!
- *You will also be required to create the image to the specs (size) required and use the supplied copy (text) effectively. The client will communicate this during their introduction of the competition.
- *You will be required to make a **short 3 min presentation** to SELL your cover to the client on the due date. (presentation format and style is up to you, though suggestions will be given in class)
- *Do not flatten your files. I need to see use of layers and masks in your file for grading purposes
- *. Hand file in for final grading via dropbox and print a copy to give to client on due date.
